A chance to win ~ a way to care

Playing the Prospect Hospice lottery costs just £1 a week.

This may sound like a small amount, but all the £1s together go a long way towards making a big difference to the expert care and services we can provide to patients and their families in the local area.

For each £1 you play, you will be automatically entered into our weekly draw. Every Friday, 28 lucky supporters will win one of our cash prizes, including our £1,000 top prize!

Prospect Hospice is the only provider of specialist end-of-life care in our community of 300,000 people. The cost of running these services is approximately £9 million, which we could not provide without the support of people like you.

HOW OUR LOTTERY WORKS

- 1 Each chance in our weekly lottery costs £1. You can have up to 20 chances each week
- 2 For each chance you purchase you will be allocated a unique number
- 3 The draw takes place every Friday and you will automatically be entered into the draw for each week that you have paid your subscription
- 4 28 lucky cash winners are selected at random. Someone will win the £1,000 jackpot every week
- 5 All winners' cheques are sent by post automatically but you can check the winning numbers on our website
